

IT'S A WRAP #V17

Vintage #17 has certainly been a family affair, with Myles and Emily (6th Generation) joining Guy and Liz to help out during the April school holidays. (Think they were both really happy to be back at school for a rest!)

With cooler temperatures throughout summer in Langhorne Creek, harvest was delayed by 3 weeks.

Our winemaker, Jim says "Due to the delay of vintage, the fruit was allowed a late slow ripening which means the fruit has developed nicely rounded flavours. This vintage will see lower alcohol, well balanced and high quality wines."

We are really excited about our 2017 vintage wines which will have great cellaring potential and we believe will exceed expectations!

We will keep you posted!
